Professional Locksmith II - Door & Door Hardware Installation

This 5-day hands-on course provides you with a comprehensive knowledge of door, door frame, and door hardware installation. The training you will receive in this course will provide you with the skills to competently work in the field as a door and door hardware installation technician. Students will also gain the knowledge to competently make hardware recommendations for exit/entrance doors that meet or exceed requirements of the ADA and NFPA101. LSI's Professional Locksmithing 2 course is ideal for students who have completed our Professional Locksmithing course and are looking for the next step in continuing their professional education. This course will also be great for the experienced technician who is looking to add additional skills to his/her service capabilities.

2022 Dates in Kentucky: January 24 - 28 May 9 - 13 July 25 - 29 November 7 - 11

Thanks to its efficient engineering and durable hardware, the APEX 2000 represents the ultimate in safety, security and simplicity.

6440 ALUM	Retrofit Kit	\$988.00	\$560.00
6440 DKBRZ	Retrofit Kit	\$988.00	\$560.00
6440XP ALUM KIT	Complete Operator	\$1,534.00	\$870.00
6440XP DKBRZ KIT	Complete Operator	\$1,534.00	\$870.00

This low energy automatic operator is designed for low to medium traffic interior openings. It is ideal for applications that need touchless access or accessible operation.

The LCN 6400 Compact Series low energy operator is simple and cost effective solution that enables facilities to automate more openings for touchless access and accessible operation. The modular design is unique and allows the reuse of an existing LCN 4040XP mechanical closer. The electrified module connects with a mounting plate and just four screws and drives open the mechanical closer. The simplicity of this solution reduces the cost, labor and complexity required to automate an opening.

Access Control Technician

This course provides the basic knowledge of multiple access control platforms, such as standalone, distributed processing and host. You will learn the basic concepts, technologies and definitions used in the industry. The hands-on portion of the class, taught in a real world lab, will provide the student with the necessary skills to become a technician. The students will complete a site survey of their door, install hardware, wire, troubleshoot and program multiple access control systems. By the end of the course, the student will have installed a complete system.

SAFE LOCK TOOLS

Lockmasters' V5 Video Borescope

Features a 5.5mm diameter, 36" length flexible Borescope probe and 3.5" color LCD display in a single handheld unit. The LKM6300 provides a high-resolution 640 x 480 video image and illuminated probe tip for a crystal clear view in all conditions.

The unit has a built-in rechargeable Li-Polymer battery for cordless operation and allows outputting the display image to an external monitor or computer. The LKM6300 scope will also capture full motion video or still images at the touch of a button and store them to a removable SD memory card. The LKM6300 comes complete with 2X digital zoom and a reverse feature to correct the image when using one of the three available mirrors.

Lockmasters' Helix Revolver Universal Drill Template

This compact aluminum template revolutionizes the way safe technicians drill containers by attaching to the existing dial ring screw holes and rotating to provide an infinite number of precision drill points. The HELIX Revolver pioneers the art of "code drilling" safe locks. The included code card provides an extensive list of drill point codes for practically every modern safe lock. Compatible with the Lockmasters Magnum Bullet, Magnum Bullet II, Magnum Drill Rig, Magnum Pro Drill Rig, and Mini Rig. **Part Number - LKMHELIX**

Regular Price \$325.00

SALE PRICE \$292.50

\$275⁰⁰

Complete Magnetic Template Set Mechanical & Electronic (30 piece)

Complete set of mechanical and electronic lock drill templates. These templates provide an accurate, x-ray type view of the lock. These templates are reproduced actual size, with front and top view, and the spindle hole is pre-drilled for easy installation. The Magnetic Drill Sites are reusable, heavy-duty, coated vinyl with a magnetic backing. These templates make drill points a cinch. (Does not include LKM1112TPM, LKM1127TPM, LKM1128TPM, or LKM1135TPM.)

ITL2000II Automatic Safe Lock Dialer Kit

The advantages of electronic technology are here. Simply setup the ITL-2000II on any standard combination lock (dials left - right - left) with the easy-to-follow instructions and watch as the computer and drive motor go to work for you. Soon, the automatic dialer will have the lock open, saving time, materials and excess labor costs. Imagine setting up on Friday and coming in on Monday to find the safe ready to open. The ITL-2000II can cover one million conceivable combinations of a standard 3 number combination lock in under 36 hours. If one number is known, it can open single-function locks in less than an hour.

Part Number - ITL2000II Regular Price \$2,195.00

SALE PRICE \$2,060.00

SALE PRICE \$1,995.00

\$1,995⁰⁰

\$19⁹⁵

Lockmasters' Carbinex Safe Repair Putty

Reinforced with carbide and steel, Carbinex is engineered to harden within minutes and form a permanent repair that is highly abrasive to drill bits. Carbinex's unique carbide-embedded compound is two and a half times stronger than comparable cold weld repairs such as Magic Metal and JB Metal. Each stick of Carbinex contains enough cardide compound to repair dozens of safes and has a shelf life of over three years.

Part Number - LKM1167

Regular Price \$24.95 **SALE PRICE \$19.95**

\$625⁰⁰

Hawkeye 7" AFB Series Borescope

Straight view probe is the slim line - only 4.20 mm in diameter. This kit has an adjustable focusing eyepiece to allow for wider range of visual distances. A 42° field-of-view is achieved with the straight view probe. A rotating 90° direction-of-view is achieved by sliding a Slim Mirror Tube onto the scope. 4.80 mm diameter fits easily into a 1/4 in hole Kit Includes: 7" Straight view probe & 90° mirror sleeve, Mini-Mag Light power supply with one spare bulb, and shipped in a foam lined box. Factory repairable with 1 year limited warranty.

Part Number: LKM1202AFB

Regular Price \$750.00 **SALE PRICE \$625.00**

\$225⁰⁰

Lockmasters' 3100 Series Complete Change Key Set

The light weight and rugged the handle will stand up to the task of everyday use. Kit includes one handle (LKM3100), and one of each of these change keys; S&G change key 3 wheel 6730 (LKM3101), S&G change key 4 wheel 6721 (LKM3102), Mosler 120 change key (LKM3103), Mosler 302 change key (LKM3104), Mosler 1830 change key (LKM3106), LaGard 2050 change key (LKM3107), Diebold 18055 Tri-bolt change key (LKM3108), and Diebold 3 wheel change key (LKM3109).

\$239⁰⁰

Journeyman Tool Kit

All the basic tools for time lock service. Includes:

2 hair clips, 2 end brushes, 3 pegwood, 3 pithwood, oil pot, optivisor and loupe, brass hammer, fine spade, oiler blue, large spade oiler red, 1/4 oz. of oil, mascot knife, #1 tweezer, capillary oiler, 24 tissue squares, chain nose pliers, double ended let down key, 5cc syringe & needle, movement cleaner, french screwdriver set, 5 lint free cloths, 2 sterile towels, and screwdriver.

Part Number - LKMJTK

Regular Price \$257.50

SALE PRICE \$239.00

\$65⁰⁰

Lockmasters' Emergency Safe Dial Kit

After removing an existing dial, simply attach the GIZMO dial ring to the existing dial ring screw holes and slide the GIZMO Emergency Dial over the spindle. The smaller diameter of the GIZMO allows drilling in the area under the dial ring while still having a functioning dial. The design of the dial allows proper splining even with broken spindles so burglarized safes can be opened with the existing combination and without drilling. Supplied with instructions and foam-lined case.

NEW! LKM10K and LKM7000 Series Drill Template

This template is designed to open both the LKM7000 and LKM10K series Pedestrian Door Locks meeting FF-L-2890C without damage to the High Security combination lock. This will allow the technician to drill one hole and the device using the inside release handle. The template allows the attachment of the Lockmasters Magnum 557 Bullet or High Velocity drill rig or the Strong Arm Mini Rig to insure a straight hole to the target.

Part Number: MAG557332 Regular Price \$99.00

\$99⁰⁰

NEW! Lockmasters Drill Tachometer

Specialty drill bits such as the Lockmasters' diamatip bit require max of 500 rpm for optimal cutting. No hand held drill that we are aware of has a built-in tachometer to monitor speed. Use the Lockmasters' Tachometer to measure the working speed of your drill motor or rig in revolutions per minute (RPM). Use the magnetic stand to attach to the safe to monitor the drill motor while working. Includes tachometer, magnetic stand, strap, reflective tape and 2 cases.

Part Number: MAG557DT Regular Price \$99.00

Microwave Safes

Gardall offers a full range of U.L. approved fire resistive microwave style safes. Microwave style safes come with either mechanical or electronic style locks. All fire safes have plated interlocking bolts that extend into the safe walls to prevent tampering and removal of doors. The doors are precision built of extra heavy steel, full swinging on heavy duty hinges with interlocking, tongue and groove closure on all sides of the door frame. All safes come with a center bolt down hole and hardware to anchor the safe down.

FREE FREIGHT FOR SAFE ORDERS

Lockmasters Security Institute has paved the way for security professionals to embrace opportunities that lead to an in-demand career. Whether choosing the path of a commercial or automotive locksmith, access control integrator or GSA technician, our courses offer the security professional a curriculum that builds confidence through hands-on-training. LSI is licensed by the Kentucky Commission on Proprietary Education and offers courses that are approved for the enrollment of veterans, reservists, service personnel and others eligible under the provisions of Chapters 30, 32, 33 and 35 GI Bill[®].

Two Training Centers - Kentucky & DC

"My LSI experience was nothing short of amazing! From hands-on practical experience to step-by-step instruction, you are guaranteed to leave LSI confident in your knowledge, skills and abilities to perform your new duties!" - R. Brown

"LSI should be the only place you look for proper in-depth training on vault and safe learning. Their history in this sector runs as deep as their knowledge. Excellent experience and training!" - W. Neubauer

"I can't say enough good things about LSI. The environment is welcoming, the people are great and the instruction is top-notch. You will be humbled by their wealth of knowledge and experience." - J. Farmer

Lockmasters Security Institute is approved by Kentucky State Approving Agency for Veterans Education (SAA) to offer VA Educational Benefits (GI Bill[®]) to eligible individuals enrolled in approved programs.

**GI Bill[®] is a registered trademark of the U.S. Department of Veterans Affairs (VA).*
